Managing Substitute Teachers is a Complex Job.

It's important for everyone to be knowledgeable and on the same page.

If your team needs a little help, the Fill-Rate Online Training Course is a stand-alone four-hour online course designed to review the duties and responsibilities of the SubManager's position. The course teaches how to use that position to increase the fill rate and reduce complaints. This course can be completed in about four hours. (Only \$299- regularly \$499)

Fill-Rate Course For Managers of Substitute Teachers

Overview

The Fill-Rate Course covers the basics of understanding what SubManagers can do to increase the fill rate, reduce complaints registered against substitute teachers, increase the retention and quality of those in the subpool, and most of all, increase the learning when the permanent teacher is out of the classroom. The course is for any SubManager who wants to increase their effectiveness. It is designed for the very, very busy suboffice personnel and school administrators.
